"I DIGEST." Such is the true meaning of the word PEPSIN. It is the chief element, or Great Digesting Principle of the Gastric Juice—the Solvent of the Food, the Parifying Preserving and Stomm lating Agent of the Stomach and Interprese.

of the Food, the Purifying Preserving and Stimulating Agent of the Stomach and Intestines. It is extracted from the Digestive Stomach of the Ox—thus forming a TRUE DIGESTIVE FILTID, precisely like the natural Gastric Juice in its Chemical powers, and furnishing a COMPLETE and PERFECT SUBSTITUTE, for it.

This is NATURES OWN REMEDY for an enhealthy Stomach. No art of man can equil its entraive powers. It contains no ALUHOHOL, BITTERS, ACIDS, or NAUSEOUS DRUGS. It is extremely agreeable to the toste, and may be taken by the most feeble patients who cannot eat a water cracker without acute distress. Beware of DRUG. acker without scute distress.
